

## Urban Service Commences Monday

The first train in the regular service between Salt Lake and Utah Valley railroads, otherwise known as the Orem suburban, will run between Salt Lake and American Fork on Monday, March 23. The train will leave the depot at American Fork at 7:45 a. m., 10:30 a. m., 1:30 p. m. and 5:30 p. m.; from Salt Lake City they will leave at 9:10 a. m., 11:45 a. m., 2:55 p. m. and 6:55 p. m. From Lehi they will leave going south at 7:55 a. m., 10:38 a. m., 1:38 p. m. and 5:38 p. m.; going south they will leave at 9:02 a. m., 11:47 a. m., 2:57 p. m. and 6:47 p. m. Stops will be made at the sugar factory station, and the difference in time between either Salt Lake and American Fork or the sugar factory being but three minutes. Stations will also be made at San Pedro crossing, Kirkham and Jordan Narrows, all north of Lehi. The trains leave Salt Lake City at 7:45 a. m., 10:30 a. m., 1:30 p. m. and 5:30 p. m. They arrive in Salt Lake City from Utah county at 9:10 a. m., 11:45 a. m., 2:55 p. m. and 6:55 p. m., making the run between Salt Lake City and American Fork in one hour and twenty-five minutes. For the present gasoline motors will be used as motive power on the new line. It is expected, however, that the line will be completed into Provo and electrified before July 1, when gasoline motors will be discarded and regular electric motors will be installed over the entire line. The new road will be in shape to handle conference business between American Fork, Salt Lake City and Jordan Narrows, the first station south of American Fork, and Salt Lake City. The road will also run an early fishing excursion train to Jordan Narrows, and these excursions will be made a feature during the summer season.

## James Chipman, Sr. Returns From Honeymoon

James Chipman, Sr., returned this week from a six weeks' honeymoon trip to New York, Cuba and Mexico. He reports a most enjoyable trip, though Mrs. Chipman suffered greatly from seasickness. They spent a week in the City of Mexico; also visited Vera Cruz, where they interviewed John Lind on war conditions, and then spent some time on the property of the Utah Tropical Fruit company near Tampico. Mr. Chipman is president of this company and its stock is entirely held in this state. He says that the company is now operated under a lease, and while both federal and rebels have robbed them of some articles, they have not suffered greatly. They are in the heart of a great oil country and three miles from them is one of the greatest oil gushers in the world—35,000 gallons a day are produced from it, and a vast lake of oil, ten or fifteen feet deep. Mr. Chipman says, has been accumulated nearby, due to a lack of shipping facilities. He was shown many courtesies by the officials in Mexico City, also in Vera Cruz. He states that the City of Mexico was outwardly calm, though the price of living had advanced considerably since he was last there. He exchanged his United States money for Mexican money on the basis of \$2.80 Mexican for each \$1 United States currency. When asked how he felt regarding the question of United States intervention into Mexican affairs, Mr. Chipman said: "I have changed my views considerably as a result of this visit. While I think President Wilson was right in declining to recognize Huerta, I think the time has come when our government should take some decided stand that will end the slaughter, bankruptcy and general demoralization which exists throughout Mexico. Most of the trouble that we hear of is in the north, but in Mexico City it is freely said the demoralization is worse in the south, 10 per cent of the population of Mexico want to fight, 90 per cent want peace. My feeling is that the United States should no longer sit by and watch them cut each other's throats and spread demoralization in their business and ours, as they are now doing. The end is farther off than ever, so the time has come, to my idea, when, either with the aid of foreign countries or by ourselves, we should take a stand that would bring order to that distracted country."

## RELIEF SOCIETY HOLDS SUCCESSFUL MEETING

The annual Relief Society meeting of the four wards of American Fork was held in the City Hall, Tuesday afternoon, in commemoration of Joseph Smith, the prophet. More than 200 members were present. An excellent program was carried out and a general good time was had by all present. Refreshments, consisting of ice cream and cake, were served, during which time excellent toasts were given. A toast to the counselors of the four wards, given by Sister Eliza Buckwalter of the Second Ward, is as follows:

"Unsurpassed in wisdom, not even Solomon of old, they are sought far and wide for their wise counsel. As patient as Job, with all his trials. A liberal reward would be quite safe if offered for a Relief Society counselor to be found out of patience. As brave as David, never fearing to tackle anything they are asked to do. As faithful as Moses, and by their works ye shall know them. May their prosperity be like that of Jacob, as numerous as the sands of the sea shore. Not quite as old as Methuselah, but we hope they may live until they are satisfied with days."

It is well not to say too much about your ancestors, for your neighbors may notice how you are allowing the strain to deteriorate.
